

Hotel Sol****

NEW in 2013! This year, Sol Umag will welcome its guests with a new appearance and a richer offer. During the refurbishment of the interior, we were led by the principles of functionality and quality. Modern design, comfortable hotel rooms, 86 rooms in a separate facility, reception hall and hotel lobby are the reason to choose precisely this hotel. Other than the new interior, the hotel also boasts a completely renovated and attractive beach with various relaxation zones with canopies.

Sport Facilities

Umag boasts 10 football fields. Standing out is the Katoro Resort sports complex, which has three indoor soccer courts with 5th generation quality artificial grass and a polyurethane turf. All pitches are illuminated. Also located nearby is the Stella Maris football complex, which has a top quality stadium, two auxiliary pitches with grass turf, a pitch with the latest generation artificial grass and lighting, all of which is licensed for all levels of competition.

Pricing

Pricing available upon request, just contact our team and we will be happy to design a package that will suit your needs and your budget.

Travel

If it's a commercial flight or a charter flight you require, our team will find the most suitable most competitive option available to you.
